NOTICE OF OPPOSITION

The Hamilton Collection, Inc., a Florida corporation located and doing business at 7018 A.C. Skinner Parkway, Suite 300, Jacksonville, Florida ("Opposer"), believes it will be damaged by registration of the mark shown in Application Serial No. 87/581,790 (referred to herein as the "Stacked LOVE Design"), and opposes the same.

In support thereof, Opposer states as follows:

Opposer and Its Use of "Love"

1. For over three decades, Opposer has manufactured and sold in the United States decorative items and small works of art, including a variety of collectible figurines. Opposer's figurines are often composed of resin, plastic, and/or ceramic.

2. Opposer offers collectible figurines under licenses with a variety of brands, including NASCAR®, Disney®, and Precious Moments®.

EXHIBIT F - 4

3. Prior to the earliest priority date of the application opposed herein, Opposer sold in the United States the figurine shown below featuring the Stacked LOVE Design.

4. Prior to the earliest priority date of the application opposed herein, Opposer offered in the United States the figurine shown below featuring the Stacked LOVE Design.

5. Long before the earliest priority date of the application opposed herein, Opposer or its affiliates have sold in the United States decorative items and small works of art, including figurines with the word "love" incorporated into the item. Examples are shown below:

EXHIBIT F - 5

6. For years, and before August 24, 2017, the earliest priority date of the application opposed herein, Opposer or its affiliates have sold in the United States decorative items and small works of art, including figurines under a name that includes the word "love." Examples are shown below:

EXHIBIT F - 6

Titled "Love is in the Air."

Titled "Hope, Faith & Love."

Titled "Your Love Suits Me To a Tea."

Titled "Blessings for Two Lovers."

Titled "Angels of Sisterly Love."

On information and belief, each individual figurine for the above referenced products was accompanied by a certificate that included the title of the product which includes the word "love." True and correct copies of online listings for additional representative examples are attached as **Exhibit A**.

The "Love" Design and Image

7. The design (the "Love Image") was created by American artist Robert Indiana. It originated as a work on paper and was then used by Mr. Indiana in paintings and

EXHIBIT F - 7

sculptures. Mr. Indiana created variations on the artwork in similar sculptures where "LOVE" was translated in Hebrew, Spanish, and Chinese. The sculptures are located in parks and plazas throughout the world, including in John F. Kennedy Plaza in Philadelphia, Pennsylvania, nicknamed "Love Park." The Love Image sculpture may be one of the most well-recognized sculptures in the world.

8. On information and belief, Mr. Indiana created his work before the effective date of the Copyright Act of 1976 and did not obtain a copyright registration for his Love Image and sculptures. Thus, the work is in the public domain.

9. On information and belief, Mr. Indiana has never had trademark rights in the Love Image because he did not use the image to "identify and distinguish his . . . goods . . . from those manufactured or sold by others and to indicate the source of the goods" under the Lanham Act, 15 U.S.C. § 1051 *et seq.*

10. Currently, depictions of the Love Image are sold by many third parties in various forms. For example, third parties offer reproductions of the sculpture, "Love Sculpture" t-shirts, 3D printed "Love Word Sculpture" replicas, metal signs, and notecards. Attached as **Exhibit B** are print-outs showing representative, third-party Love Image products.

Applicant and its Love Image Application

11. On information and belief, Applicant is a Bahamas limited company doing business at Union Court Bldg., Suite E-2, Elizabeth Ave and Shirley Street, Nassau, Bahamas.

12. On August 24, 2017, Applicant filed an application for (Serial No. 87/581,790) for "display racks, stands, boards, tables and cases, and signage in the nature of inflatable plastic signs, printed vinyl signs; statues, figurines, works of art and ornaments not

EXHIBIT F - 8

being Christmas tree ornaments all of which are made of materials such as wood, wax, resin, plaster or plastic, included in the class; decorations not being Christmas decorations in the nature of decorative centerpieces, decorative boxes, all of which are made of materials such as wood, wax, resin, plaster or plastic, included in the class; parts and fittings for the aforementioned goods" in Class 20 and "works of art made of china, crystal, ceramic, earthenware, glass, porcelain or terra cotta" in Class 21, which was published on July 3, 2018 (the "Application").

13. The Application was filed through an international extension pursuant to 15 U.S.C. §1126 and Section 44(e) of the Convention of Paris for the Protection of Industrial Property. The Application is based on Swiss Registration No. 675055.

14. When Applicant filed its Application, Applicant's Director, Philippe Grossglauser, signed a declaration stating that:

- a. Applicant is entitled to use the mark in commerce;
- b. The applicant has a bona fide intention to use the mark in commerce or in connection with the goods/services in the application;
- c. To the best of the signatory's knowledge and belief, no other persons . . . have the right to use the mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on in connection with the goods/services of such other person, to cause confusion or mistake, or to deceive.

15. On information and belief, Applicant has claimed that Mr. Indiana conveyed "copyright, trademark, and other rights" in the Love Image to Applicant. Mr. Indiana, however, could not have conveyed rights in the Love Image that he never had.

16. On information and belief, Applicant does not currently use the Love Image as a trademark under the Lanham Act, 15 U.S.C. § 1051 *et seq.*

EXHIBIT F - 9

17. On information and belief, Applicant's sole purpose in seeking registration of the Love Image is to gain a monopoly over use of the word "Love" and the Love Image as sold on the applied-for goods, in a bad faith attempt to bring legal actions against legitimate third-party users of the Love Image and the word "love."

Count I: Failure to Function as a Trademark

18. Opposer repeats and re-alleges Paragraphs 1-18 as though fully set forth herein.

19. The Love Image does not function as a trademark. It is a well-recognized work of art created by Robert Indiana. The Love Image is an ornamental feature of the applied-for goods and the goods of others.

20. It is not possible for the Love Image to be used in any form on the applied-for goods that signifies source. Any such use is merely ornamental.

21. The Love Image is thus incapable of identifying a particular source and distinguishing Applicant's goods from the goods of others.

22. The Love Image is also so commonly used by third parties that it cannot identify a particular source of the goods and cannot distinguish Applicant's goods from the goods of others.

23. The Love Image does not function as a trademark under §§1, 2, and 45 of the Trademark Act, 15 U.S.C. §§1051, 1052, and 1127.

24. Allowing Applicant to register the Love Image mark would unduly inhibit competition, monopolize the use of "Love" on items such as figurines, works of art, or decorative pieces, and provide Applicant with a means of challenging lawful uses of "Love" on items such as figurines, works of art, or decorative pieces, including items manufactured and sold by Opposer.

EXHIBIT F - 10

Count II: Fraud

25. Opposer repeats and re-alleges Paragraphs 1-18 as though fully set forth herein.

26. Opposer is one of many companies that manufactures and/or sells items such as figurines, works of art, or decorative pieces that bear the word "Love" and the Love Image.

27. On information and belief, Applicant was aware, at the time it filed its Application, that other companies sold goods bearing "Love" or the Love Image.

28. When Applicant filed its Application on August 24, 2017, it knowingly made false statements with the intent to deceive the Trademark Office by making the following statement in its declaration:

[The undersigned] [b]elieves applicant to be entitled to use such mark in commerce; to the best of his/her knowledge and belief no other person, firm, corporation, or association has the right to use the mark in commerce, either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods/services of such other person, to cause confusion, or to cause mistake, or to deceive; and that all statements made of his/her own knowledge are true and that all statements made on information and belief are believed to be true.

29. The statement is false because, on information and belief, Applicant was aware of third party uses of the Love Image.

30. The statement is false because third parties, including Opposer, are free to use the Love Image and variations thereof commercially or otherwise.

31. The statement is false because it asserts that the Love Image is a trademark, whereas, in truth, it is not.

32. Applicant intends to use the registration of the Love Image to inhibit competition, monopolize the use of "Love" on the applied-for goods, and provide Applicant with a means of challenging lawful uses of "Love" on the goods of third parties, including Opposer.

EXHIBIT F - 11

33. Accordingly, in filing its Application, Applicant committed fraud on the United States Patent and Trademark Office.

Damage to Opposer (All Counts)

34. If Applicant obtains a registration for the Love Image as a mark, it will constitute *prima facie* evidence of Applicant's exclusive right to use the Love Image in commerce for the applied-for goods, despite the fact that the word "love" and the Love Image are used on decorative items, works of art, and figurines by many third parties, including Opposer.

35. If Applicant obtains a registration for the Love Image, it would allow Applicant to interfere with Opposer's lawful use of the word "love" and the Love Image on Opposer's products.

36. For the foregoing reasons, Opposer will be damaged by registration of Applicant's applied-for mark.

EXHIBIT F - 12

WHEREFORE, Opposer respectfully requests that this opposition be sustained and

registration of  (Serial No. 87/581,790) be denied.

Opposer requests that the requisite filing fee of \$800.00 be deducted from Deposit Account No. 16-0650, the deposit account of Pattishall, McAuliffe, Newbury, Hilliard & Geraldson LLP. Please address all correspondence to: Ashly Boesche, Pattishall, McAuliffe, Newbury, Hilliard & Geraldson LLP, 200 South Wacker Drive, Suite 2900, Chicago, Illinois 60606.

Respectfully submitted,
